

How to block a caller on Android

If you receive unwanted calls or hang-ups, you can block the phone number it came from. Different versions of Android will vary slightly in layout but the process should remain the same. Please only take these steps if it is safe to do so.

1. In Phone calls, select the phone number you want to block.

2. In the drop-down menu, select Block contact.

Phone

3. If the calls are coming from Unknown numbers, select the More options icon.

4. In the drop-down menu, select Blocked.

← Blocked

Messages Calls

No blocked calls

5. Select Block rules.

← Block rules

Call block rules >

Message block rules >

BLOCKLIST/TRUSTLIST

Blocklist 1 >

Trustlist 0 >

Keyword blocklist
Block messages containing
preset keywords. 0 >

Receive notifications All blocks >

6. Select Call block rules.

← Call block rules

Block all incoming calls
Trustlist numbers won't be blocked.

Block unknown numbers

Block private/withheld numbers

7. Where it says Block unknown numbers, slide the button on.
